

Easter! Easter!

January, February nights are long
Cold, wet mornings and little sun
But now it's Spring and Easter's very near
But now it's Spring and Easter's almost here

Flowers in the trees and blue in the sky
The air is warm and the sun is high
But now it's Spring and Easter's very near

CHORUS

March and April, months of Spring
Everything's growing as we sing
Easter, Easter - yes it's true!
No more school for a week or two

Bunnies and chicks and Easter egg hunts
Chocolate in the morning and chocolate at lunch
Now it's Spring and Easter's very near

REPEAT CHORUS TWICE
