

I Love Summer Teaching actions

MOVE YOUR BODY AROUND

View the video: <http://www.youtube.com/watch?v=98uLmglXvIk>

Verse One

Running and splashing and jumping in the sea

Run on the spot in time with rhythm, make splashing and diving actions

Big waves are rolling they can carry me

Roll hands and then stretch out arms

The water is salty

Mime water with waves; finger to mouth

But it's nice and cool

Hold out open arms

At the seaside we have fun

Run on the spot in time

Verse Two

Building a castle

Crouch down and mime a castle shape

Doing things with sand

Mime digging sand with both hands

The beach is our playground

Mime beach with flat hands

It's the end of the land

Make cutting gesture with both hands

The sun it is shining

Point to sky and shield eyes

The water's nice and cool

Hold out open arms

At the seaside we have fun

Run on the spot in time

Chorus

I love summer

Cross hands on heart, raise right arm

Long hot summer

Fan face with right hand

At the seaside we have fun

Run on the spot in time

Verse Three

Swimming and cycling and playing all day long

Mime the actions and then turn 360° on "playing"

Licking an ice-cream so sweet on my tongue

Mime licking: point to cheek

School days are over

Shake left index finger and mime writing with right hand, clap hands to mime "over, finished"

For a month or two

Count one and then two fingers

At the seaside we have fun

Make a 360° turn and take a bow
