

# Nature's Plan

## Lyric sheet

Wake up seeds  
It's time to go  
In the fields  
The plants must grow

Little tadpole in a pond  
Grow your legs and be a frog  
Caterpillar you can't fly  
Till you are a butterfly

**Life that grows  
Nature knows  
Changing, changing  
Every day in every way**

Come on baby  
Time for birth  
Leave your mother  
Show your worth  
Grow up to become a man  
This is part of Nature's Plan
