

# ***A Song for Winter***

## **Words**

Snow is falling  
Snow is falling  
All is white  
All is bright  
A billion snowflakes  
Fill the air  
They are falling  
Everywhere

### ***Chorus***

It's winter time  
and it's cold  
But I'm happy  
Playing in the snow

Water's freezing  
In the lake  
Across the frozen ice  
We can skate  
Or build a snowman  
On a hill  
Or ride a snowboard  
It's a thrill!

***Repeat chorus twice***
