

The Monster March

Strange meetings

Worksheet 6

During their summer vacation Emma, Kevin, Lucy and Tom met some very strange monsters. Look at the photos they took. When the four kids went back to school, they told their friends about the monsters.

Read their descriptions. Who made some mistakes when describing the monster they met?

Emma: I met a funny monster with four long arms instead of ears, only one leg with a big foot.

Kevin: The monster I met was really strange. He was a big walking eye with three legs and no mouth.

Lucy: On the beach, I played with a talking jellyfish. He had two nice eyes and eight long arms.

Tom: My monster was incredible! He was fat and heavy and had two small heads and yes - four chins!
